

## SUPPORT FOR SELECTING SANITIZER SOLUTIONS

The Triton Innovation LLC Sanitizing Conveyor system offers a sanitizing process for the food processing, package handling, assembly, and manufacturing industries. The system applies a fine mist or spray of sanitizing solution to the surface of products as they move through the conveyor tunnel. The Sanitizing Conveyor system works with a variety of solutions.

The Sanitization Tunnel can apply a wide range of sanitizer solutions.

## Where to find help choosing a sanitizing solution that's best for your application

The Sanitizing Conveyor system can apply a range of sanitizers. Some customers may choose a sanitizer that they are currently using. For those that need additional assistance visit, [www.epa.gov/pesticides](http://www.epa.gov/pesticides). Other helpful tools are also available on the site such as: *Guidance for Cleaning & Disinfecting Public Spaces*.

A reference list is provided below gathered from the EPA List N, for disinfectants that meet the EPA's criteria for use against SARS-COV-2 (Covid-19). For additional sanitizer information and sanitizers for addressing other pathogens visit, [www.epa.gov/pesticide-registration/list-n-disinfectants-coronavirus-covid-19](http://www.epa.gov/pesticide-registration/list-n-disinfectants-coronavirus-covid-19).

### Disinfectants from EPA List N (abbreviated list for reference only)

EPA Registration No.	Product Name	Company Name	Type	Surface Type	Current Uses	Contact Time	Food Contact Surfaces	Date Added to List N
1677-260	S&S Sanitizer	Ecolab Inc	Dilutable	HN	H, I, R	15 sec	Yes, no rinse	10/29/20
72977-5	Sdc3a	ETI H2O Inc	Ready	HN	H, I, R	1 min	No	6/24/2020
